

Position Available: Composites Technician

ABOUT THE COMPANY

Five Star Race Car Bodies is a manufacturer of high quality, highly technical body products for NASCAR, ARCA, NHRA and many other racing series. Our reputation is the producer of the highest quality parts in the industry. We have full-time opportunities for highly motivated, dependable individuals with a desire to learn technical skills in a fast paced environment manufacturing composite race car body components.

Opportunities for individuals possessing the following characteristics available:

- Moderate mechanical and/or artistic aptitude
- Ability to work as part of a team
- Desire and ability to produce measurable results
- Must work consistently to standardized processes and procedures
- Will maintain the very highest quality possible
- Good manual dexterity
- Time Management
- Attention to detail

Ideal candidates will be able to stand for long periods and possess the skills and motivation required to meet deadlines and be accountable to production metrics and schedules. Required to lift up to 40 lbs regularly. We have a clean, safe, state-of-the-art facility and offer competitive salary and comprehensive benefits package including health, dental, and life insurance. We are an equal opportunity employer.

- 10 hour work days Monday – Thursday
- Starting Salary: \$12 per hour
- *Required experience:* Manufacturing, Distribution or General Laborer
- *Required education:* High school or equivalent. Must be able to read, write and speak English.
